March 16th, 2010

To whom it may concern,

Propylene Glycol USP (PG USP), which is manufactured by SKC Co., Ltd. is manufactured from petrochemical raw materials exclusively, using no materials of animal or vegetable origin. No gluten-containing raw materials or processing aids are used in the manufacture of SKC's PG USP. SKC's PG USP does not contain any GMO (Genetically Modified Organism) material. SKC does not use any of the following materials in the manufacture of PG USP which are known allergens or to which a segment of the population is particularly sensitive.

- Eggs
- Celery
- Milk
- MSG
- Peanuts
- Soybeans
- Sulfites
- Wheat
- Seeds
- Seafood
- Tree Nuts

Sincerely,

Quality Control Manager : J. B. SONG
